

Hello, L

Thank you for your participation in our **QTM350: Data Science Computing** final project. We are investigating the Amazon Web Service Machine Learning API called [Textract](#). This API is able to recognize handwriting and text samples and transcribe handwritten words as shown in this [SageMaker walkthrough](#).

On the following line, please write (in your natural handwriting) the following sentence:

The quick brown fox jumps over the lazy dog.

The quick brown fox jumps over the lazy dog.

On the following line, please write your name, school/major, and graduating class year.  
(ex. Saaya Morton, College 2023)

Taylor Phan, College Chemistry 2023

Thank you again for your participation.

Sincerely,

QTM350 Group 1
